An error was made in U.S. Pat. No. 5,592,939 at least because I claimed less than I had a right to claim in the patent. Specifically, for example, Claim 1 claimed less than the patentee had a right to claim at least by including the limitation, "a . . . sensing coil affixed to a distal end of a catheter probe" while the claim could be more broadly directed to a sensing

coil in a navigational domain.
